

night of community

menu

TO BREAK BREAD

To share the experience of food in a communal setting amongst friends & strangers alike

To laugh & talk about topics that move us

To toast to all the good times, try to forget about some of the troubles and join in meaningful conversations amongst one another

To reflect & reimagine, the way we see our lives today & the way we wish to see ourselves in the future

To give thanks to those that grew these crops, to the land & sea that gives us what we need, to the hands that made this bountiful, nutritious & delicious meal

+ Cheers to Community!

menu

WHAT TO EXPECT

Chef Richard, Rhys and team prepare you a three course meal using the freshest, local ingredients.

This meal is served on a platter for you and company to share and feast from.

The preparation of this meal depends solely on what the small farmers bring and what the fishermen catch... and of course the creativity of Chef Richard and Rhys.

Contact us every Thursday to check our menu for our communal style dinner!
